GENERAL NEWS

May Meeting

Eleven members attended the May meeting. The Secretary read the April minutes, which were approved. The Treasurer presented a treasury report. The results of the Heli Fun Fly were still being tallied and not included in the treasury report. New Business: a local powered paraglider operator attended the meeting. The operator is looking for additional local places to fly. He brought his equipment and discussed how it functions. The club officers will discuss and check with regulators. The meeting was adjourned.

June Fun Fly

The Surf-n-Turf Fun Fly will take place at the OAC field on Saturday, June 1, 2024. This is a 1-day event. Flying from the runway and water is possible. Bring something to fly. The flyer is available at the OAC website at oroaircorps.com.

OAC Helicopter Funfly

The Heli Fun Fly took place between May 17 and 19, 2024 at the OAC field. Twenty-Four pilots registered and 22-flew over the weekend. Food consisting of pulled pork, tri-tip, sides, hamburgers, chips, and sodas were offered and nobody starved. Notable flights were a single night flight, several over water flights, and only 2-crashes. An anonymous donor donated a Goosky RS-7 electric helicopter to the raffle. Thanks got out to that donor! A shout out to the heli fliers in the club and their great event, Well Done!

Powered Paraglider

A powered paraglider aircraft was brought to the field at the May meeting. The owner is looking for additional places to fly. The pilot sits in a 'chair' and uses parachute type controls to change direction and control the flight. The pilot has control over the engine and can stop and restart it in the air. For takeoff, the pilot straps the engine to his back, starts the engine, inflates the 'wing,' takes a few steps into the wind and they are flying. Real seat of the pants flying.
