The position of Secretary and Newsletter will become available January 1, 2026. If interested in either or both positions, contact Eric Dugger at the number or via email on the back page.

December Meeting

Show and Tell

Larry S. brought a Howard DGA on floats. He obtained the model at a recent fun-fly. Larry stated that JBS Engineering produced the kit. The original builder sheeted the airframe and flight surfaces. Larry stripped the original covering, added thin strips of wood on the flight surfaces to mimic ribs and then recovered the plane with Ultracote. An OS FP45 provides power. DGA stands for Damn Good Airplane, a reflection of Ben Howard's confidence in his designs.
