

Oroville Air Corps Safety Code

1. I will fly in accordance with AMA safety code at all times. All persons flying must be current AMA members.
2. Any aircraft that I fly will have my name or the owners name, address, phone number and AMA number in or on the aircraft. (AMA safety code #5).
3. Since the Wilbur road site is near the Oroville airport, I will not fly any higher than 400 feet above ground level (AGL) and stay away from full sized aircraft. (AMA safety code #2).
4. I will not chase or fly near any wildlife.
5. I will be responsible for any guest I allow on the property and if I am the last one to leave the site I will lock the club house, restroom and gate.
6. I will not copy or loan any keys or codes related to the site.
7. I will leave the area as clean as I found it and if I am a smoker I will use the designated ash trays for cigarette butts.
8. I will drive my vehicle only on existing roads and never on the runways or vegetation.
9. As the Oroville Air Corps will be held responsible for any damage, destruction, or loss of property, including damage to roads, fences, embankments, etc., I will not cause damage to these properties.
10. No model rockets or other pyrotechnic devices are allowed.
11. I will use the sanitary devices that have been provided.
12. I will not fly any aircraft at any OAC airfield until my flying ability has been certified by a qualified instructor, or qualified club member.

I agree to abide by all OAC and AMA safety rules at all times.
