

# *FLIGHT LINE*

**June 16, 2026 @ 6:00 P.M.**

Regular Meeting Will be Held at  
Oroville Air Corps Field (Off Wilbur Rd.)

## **Attention All Pilots:**

### **General News:**

The June club meeting will be held at The Oroville Air Corps Airfield off Wilbur Road, Oroville, CA, on June 16, 2026, at 6:00 P.M.

### **May Meeting Recap:**

The meeting was held at Oroville Air Corps Airfield and was called to order by President, Ian Witherspoon at 6:00 P.M. and adjourned at 7:04 P.M.

Forty-five(45) current members.

Eleven (11) members were present.

Treasurers Report was given.

### **Old Business:**

The first Surf & Turf will be held on June 6th & 7th, 2026. It has been extended to two (2) days instead of the planned one (1) day of June 6th.

Second Surf & Turf will be September 18th, 19th, & 20th, 2026.

Still anticipating the cement picnic tables will be moved this summer, as the water level remains low.

### **New Business:**

Jeff gave the Heli-Fun-Fly report and even though the wind was blowing with gusts over 40 mph on Saturday and Sunday, it was still a success. Several pilots still flew their aircraft amid the heavy winds.

Jim Morrow said he made two (2) pilot stations he will donate to OAC. This will bring the total to four (4) pilot stations along the runway to protect pilots. **Thank you Jim!!**

Doug suggested the first Surf & Turf be for two (2) days instead of only one (1) day on Saturday. It was agreed that Larry and Jeff will make the changes and it will be on both Saturday, June 6th, and Sunday, June 7th now.

There will be a **Sanctioned Dawn Patrol; Pre-War, through Golden Age aircraft fun-fly on July 24th, 25th, and 26th at the Palermo Field, which is a grass runway.** The address is 943 Cox Lane, Oroville, CA. The attached picture shows the location of it. There is a chain link fence enclosing a large area of solar panels. You enter at the end of the green chain link fence that runs parallel to Cox Lane, then follow the outside of the fence around to the field.

A new 4' x 50' shade cloth, along with all the hardware is in the Connex.

**SAFTEY:** There will be an announcement prior to any event regarding, "no flying of aircraft in the pit area". This will apply to all member's and guests. Do maneuvers past the outer runway edge and over the dirt and grass areas. If anything does happen to any of the shade structures due to loss of control, please report it so repairs can be made.

Dale will add Officer's names and contact information to the bottom of the newsletter as well.

### **Throwback News Article:**

I found a website for all the past issues of RCModeler, it is called [rcbookcase.com](http://rcbookcase.com). You don't need to open an account, but if you scroll down on the page, you will come to the red, white, & black issues. The first one starting in October, 1963 and they go into the mid 2000's, when the magazine quit being published. Click on an issue you want to look at, then scroll down to Downloads and click the blue Download box. A screen will appear about supporting this website and that is up to you, but click the blue Close box, then click Download; then click Open. You will have access to all the issue's of RCModeler, in which it is very interesting to see the sport from the beginning of the publication.
